European Parliament and Council Regulation (EC) No 1907/2006 (Convergenum 29 May 2007), on Registration, Evaluation, Authorization and restriction of Chemicals (REACH), entered into force in June 2007.

The purpose of this Regulation is to ensure a high level of protection of human health and the environment, including the promotion of alternative methods for assessment of hazards of substances, as well as the free circulation of substances on the internal market while enhancing competitiveness and innovation.

**All products listed below meet the requirements and restrictions of the REACH regulations in force.**

RoHS-1 Directive EU/2002/95/EC which took effect on July 1, 2006 restricted the use of 6 substances in all electrical and electronic equipment (EEE) placed on the market in the European Economic Area. On January 3rd 2013, RoHS-1 (2002/95/EC) was replaced by the 2011/65/EU (aka RoHS-2) directive, which did not add to the existing list of 6 substances. On June 4th, 2015 the EU Council approved an amendment to the RoHS Directive EU/2015/863 (aka RoHS-3) by adding four phthalates to be restricted in electrical and Electronic Equipment (EEE) sold in the European Union from July 23, 2019.

**All products listed below meet the requirements and restrictions of the RoHS regulations in force.**
